SUPERINTENDENT'S REPORT

To the School Board of Croydon:

I hereby submit my first annual report as superintendent of school.

Since entering upon my supervisory work in September I have visited each of the Croydon schools nine times and I have held two teachers' meetings.

Miss Minnie E. Smith at the East Village school has a membership of fifteen pupils distributed in grades I, III and VII. The average attendance for twenty weeks has been 13.4. The percentage of attendance has been 96.1.

This rate of attendance is very gratifying as comparatively few schools exceed it. The annual state average is about 93 per cent.

Miss Sadie E. Muzzey at Croydon Flat school has had seventeen different pupils, but an average membership of only 12.6. The percentage of attendance is 80.2. Some of the children of this school live at a distance of three miles from school. Inclement weather and bad traveling deter these children more often from school attendance.

I find the children in both schools orderly in deportment, interested in their work and industrious in their studies. Much good work is being done and in several instances the classes are making remarkably good progress.

Necessary books and supplies have been purchased from time to time as the needs of the schools were noted. The market has been constantly rising. In some instances prices are twenty-five per cent higher than on the first of September.

Respectfully submitted,

ANDREW P. AVERILL.
